2. As required by FAR 13.106-3(b)(3)(i), this memorandum explains the absence of competition for this acquisition, as only one source will be solicited for this requirement (or for a portion of the requirement) and the requirement is not expected to exceed the simplified acquisition threshold.

N00164-25-SIMACQ-CR-JXR-0137

A. ONLY ONE RESPONSIBLE SOURCE (select all that apply):

1. RESTRICTIVE RIGHTS. The source has established proprietary rights, limited rights in data, patent rights, copyrights or secret processes in the item or service required.

2. EXCLUSIVE LICENSING AGREEMENTS. The item or service is only available from the Original Equipment Manufacturer (OEM), or there is only one authorized distributor or technical representative for the OEM.

3. OTHER REASONS. Other reason not identified above. Provide details on mission impact if requirement is not solicited from only one source.

Contracting without providing for full and open competition (national security) for solicitation on a limited competition basis to (b) (4)

(b) (4) Accurate Energetics Systems, 5891 TN-230 McEwen, TN, 37101 (b) (4) and (b) (4)

The (b) (7)(F) program is tasked with providing solutions for real time requirements; if these actions were advertised, adversaries would be able to draw significant conclusions to what our mission requirements are and what our adversaries would need to defeat. This would allow those adversaries to undermine the requirements and set back missions, or worse, cause loss of life. Due to the nature of the emergent requirements, it is imperative that the Government not disclose (b) (7)(F) requirements publicly.

The vendors listed in this actions are Basic Ordering Agreement holders under limited competition IAW FAR 6.302-6 (National Security) due to vetting and niche market requirements.

B. BRAND NAME. Item required must be a brand name product, or feature of a product, particular to one manufacturer.

C. UNUSUAL AND COMPELLING URGENCY. The supplies or services are of such unusual and compelling urgency that the Government would be seriously injured unless the agency is permitted to limit the number of sources from which it solicits, bids, or proposals. Urgent requirements are supplies or services that will result in a work stoppage, or are mission critical and the routine processing time would result in injury to the Government. The determination that the procurement for the above item/service is an urgent and compelling requirement is based on the following:

1. Date on which the requirement was first identified:
2. Required delivery date/period of performance
3. Explanation of why delivery/commencement of services by the date mentioned above is required:
4. If appropriate, include any additional pertinent information.

IV. CERTIFICATION/APPROVALS:

A. Technical / Requirements Certifications: I certify that the facts and representation under my cognizance which are included in this justification are complete and accurate to the best of my knowledge and belief.
