Fw: GRAMA Request: notices of records restriction issued concerning the September 10, 2025 UVU shooting

The following request for records was sent to and received by a general office email that is not regularly monitored.

Utah County respectfully asks that all requests for government records be submitted on our portal at <https://utah-county-ut.nextrequest.com/requests/new>.

Otherwise, we cannot guarantee the request will be processed in a timely manner or at all.

Records Officer

Utah County Attorney's Office

GRAMA Request: notices of records restriction issued concerning the September 10, 2025 UVU shooting

Dear Records Officer,

This is a request for records under the Government Records Access and Management Act (GRAMA), Utah Code § 63G-2-101 et seq.

I request: (1) each "Notice of Records Restriction" or similar letter issued by or on behalf of the Utah County Attorney's office concerning records related to the September 10, 2025 shooting at Utah Valley University — including the notice signed by Deputy Attorney Katrina Cole and sent to the Washington County Sheriff's Office, a copy of which I hold; (2) the distribution or recipient list for such notices — each governmental entity to which one was sent, with dates; (3) any written responses or notifications received from recipient entities under the notices' instruction to "notify our office immediately" upon receiving a records request; and (4) the record documenting the decision to issue the notices — the requesting official, authorization, and date. Each item names discrete administrative correspondence of the office; this is not a request for investigative files. If no responsive record exists for any numbered item, I request written confirmation of that fact for that item, including a description of the search conducted. This request was originally submitted August 7, 2026 to ucao@utahcounty.gov<<mailto:ucao@utahcounty.gov>>, the office's published contact address; the office's August 10, 2026 automated reply confirms its receipt. It is resubmitted through this portal at the office's direction — the response period under Utah Code § 63G-2-204 runs from receipt by the governmental entity, and this resubmission does not waive the original receipt date.

If no responsive records exist, I request written confirmation of that fact, including a description of the search conducted.

To minimize processing burden, I am not requesting any record whose release is restricted by court order, juror information, or private personal information unrelated to official government activity. This request seeks records of official government activity only.

Fee waiver: I request that this request be fulfilled without charge under Utah Code § 63G-2-203(4)(a), which encourages an entity to waive fees when release of the record primarily benefits the public rather than a person. These records concern the investigation and prosecution of a matter of intense and legitimate statewide and national public interest, and the requested records will be made available to the general public. This request is not made for commercial purposes. If a fee waiver is denied, please notify me before incurring any costs over \$25.

Expedited response: I request the 5-business-day expedited response under Utah Code § 63G-2-204(4)(b). Expedited release benefits the public rather than a person: these records concern a pending public prosecution that is the subject of widespread and ongoing public attention, and I am primarily engaged in disseminating information — I will make the records available to the general public through a public records docket — the circumstance § 63G-2-204(5) presumes to benefit the public.

If any record or portion is withheld, GRAMA requires a written denial notice describing the record withheld, citing the specific exempting provision, and stating the right to appeal with the chief administrative officer's name and address (Utah Code § 63G-2-205(2)); I also request release of all segregable portions not subject to the claimed restriction.

Please provide responsive records in electronic format (searchable PDF or native file — for video, the native export with original metadata) by email where possible.

GRAMA requires a response as soon as reasonably possible, and no later than 10 business days after receipt (Utah Code § 63G-2-204(4)(a)) — or 5 business days where expedited response benefits the public.

Please confirm receipt and provide a reference number. I am happy to clarify or reasonably narrow this request if that would speed processing.

Sincerely,

[REDACTED]
