Subject: Public Safety - Utah Highway Patrol :: P014497-080726

Dear ■■■■■■■■:

Thank you for your interest in the Utah Department of Public Safety records. Your request was received and is being processed in accordance with the Government Records Access and Management Act (GRAMA), Utah Code Ann. § 63G-2-101 et seq. Your request was received by this office on 8/7/2026 and assigned reference number P014497-080726 for tracking purposes.

August 7, 2026

This is a request for records under the Government Records Access and Management Act (GRAMA), Utah Code § 63G-2-101 et seq.

Concerning the residential Nest doorbell video of a vehicle parked overnight September 10-11, 2025, portions of which were played at the July 2026 preliminary hearing in State v. Robinson: I request (1) records sufficient to show the acquisition of the video from the homeowners or from the camera vendor's cloud service — the date acquired, the file count, and the acquiring officer or agency; (2) the technical metadata of the files as acquired (native resolution, duration, timestamps, and any export or processing history); and (3) records documenting any editing, clipping, or re-encoding of the video between acquisition and its courtroom presentation, including who prepared the version played in court. I am requesting acquisition and processing records, not the video content itself, so no protected-content withholding should be necessary; the courtroom copy contained visible cuts and was materially degraded relative to the camera's native quality, and the processing chain is the question. (Verbatim basis: Ep 141 [20:43-22:15], re-verified Jul 20 2026.) Please also retain this correspondence and all records related to the processing of this request.

If no responsive records exist, I request written confirmation of that fact, including a description of the search conducted.

To minimize processing burden, I am not requesting any record whose release is restricted by court order, juror information, or private personal information unrelated to official government activity. This request seeks records of official government activity only.

If any record or portion is withheld, GRAMA requires a written denial notice describing the record withheld, citing the specific exempting provision, and stating the right to appeal with the chief administrative officer's name and address (Utah Code § 63G-2-205(2)); I also request release of all segregable portions not subject to the claimed restriction.

Please provide responsive records in electronic format (searchable PDF or native file — for video, the native export with original metadata) by email where possible.

GRAMA requires a response as soon as reasonably possible, and no later than 10 business days after receipt (Utah Code § 63G-2-204(4)(a)) — or 5 business days where expedited response benefits the public.

Your request will be forwarded to the appropriate department(s) to determine whether you are entitled to the records under GRAMA, if the requested record(s) exist, the volume, and any costs associated with satisfying your request. You will be contacted about the availability and/or provided with copies of the records in question. PLEASE NOTE: GRAMA provides that a governmental entity is required to fulfill only requests that identify requested records with reasonable specificity. GRAMA does not require a governmental entity to create records, compile records, provide records in any particular format or answer questions.

--- Please respond above this line ---

Good evening -

The Utah Department of Public Safety has reviewed your request and has determined that the records requested are exempt from disclosure under the Government Records and Management Act (GRAMA) for the following reasons:

The requested records have been classified as private and protected pursuant to Utah Code Ann. §§ 63G-2-305(10). This matter is still under active investigation and the release of records could reasonably be expected to interfere with investigations and enforcement proceedings, as well as the prosecution of the subject, and would create a risk of depriving the subject of a fair trial or impartial hearing.

You may appeal this decision within 30 days from the date of this letter. Any appeal should be directed to Commissioner Beau Mason, 4501 South 2700 West, Salt Lake City, Utah 84114 or via email to dpsrecords@utah.gov.

Respectfully,

State Bureau of Investigation
Department of Public Safety
