Dear ■■■■■■■■■■■■■■■■■■■■

Utah Valley University has received your Government Records Access and Management Act (GRAMA) request #26-318 as of September 3, 2026, seeking:

"(1) each work order, service request, dispatch entry, or shop ticket for draining, dewatering, pumping out, cleaning, pressure-washing, scraping, dredging, sediment or debris removal, or resurfacing of that fountain, pond, or basin, or for shutting down or restarting its pump station;
(2) any record of the disposal, hauling, or discharge of water, sediment, sludge, or debris removed from that basin, including any manifest, hauler ticket, or discharge permit or notification;
(3) any record of an object recovered from, or observed in, the basin during that work, including any record of its transfer to a law-enforcement agency;
(4) any vendor quote, invoice, or payment record for that work — including the "clean up/removal of material" invoice that UVU's records officer stated in Case 2026-004 was expected from the vendor UVU hired;
(5) the record identifying who directed the work in items (1)–(4), and any written clearance, release, or instruction from a law-enforcement agency concerning it, including the instruction behind the September 12, 2025 message "Chief says let the water flow!" (UVU 25-326:0008)."

In ten (10) business days or less from the date after we received your request, you will receive one of the following:

1. Approval of the request and a copy of the record(s).
2. Denial of the request.
3. Notification that UVU does not maintain the record(s) requested.
4. Notification that because of extraordinary circumstances, UVU cannot immediately approve or deny your request.

Utah Valley University retains the right to charge a reasonable fee to cover the cost of providing a record.

Sincerely,

Utah Valley University
Records Officers
