RE: G.R.A.M.A Request

We are in receipt of your Utah GRAMA request, dated July 07, 2026, wherein you requested:

"surveillance video, security camera footage, booking area video, sally port video, or other recordings depicting Tyler Robinson's arrival and surrender at the ... This includes any exterior or interior cameras showing his arrival, entry into the Sheriff's Office, and transfer into law enforcement custody."

There is no surveillance video, security camera footage, he never entered Purgatory Correctional Facility, therefore there is no booking area or sally port video. There is no exterior camera footage.

The only video that exists is of him sitting in an interview room. At this time, Utah County Attorney General's Office has given formal notice to withhold the release of records until further written notice from their office, as records our office may have are classified as Protected Records under UCA §63G-2-305(10): the immediate release of the records would create a danger of depriving a person of a right to a fair trial or impartial hearing. This is a pending case until the trial is complete.

You have the right to appeal the denial to the Chief Administrative Officer (UCA §63G-2-205). A notice of appeal must be submitted within 30 days. Your notice of appeal must include your name, mailing address, daytime telephone number, and an explanation of what relief you are seeking. Any supporting information should also be included. This should be sent to the following address:

RE: G.R.A.M.A Request

We have received your Utah GRAMA request dated December 01, 2025, in which you requested (1) all WCSO or WCSO-contractor audio/video recordings of Tyler Robinson, and (2) all internal WCSO or contractor emails, texts, or other electronic communications concerning the creation, maintenance, or deletion of any such recordings. The requested timeframe is September 10, 2025, to present.

Interview Room Video:

There is video of the interview room. At this time, however, your request is denied. The records you requested are part of a pending investigation and are classified as protected under Utah Code Ann. §63G-2-305(10). The Utah County Attorney's Office, as the prosecuting agency, has formally determined that these records must be withheld. Releasing them at this time could interfere with ongoing investigation and criminal enforcement proceedings, and create a risk of depriving the subject of a fair trial or impartial hearing.

Communication of recordings:

After a thorough search of our records, no records have been located responsive to this portion.

You have the right to appeal this denial to the Chief Administrative Officer pursuant to UCA §63G-2-205. Any notice of appeal must be submitted within 30 days and include your name, mailing address, daytime telephone number, an explanation of the relief you are seeking, and any supporting documentation. Please send your appeal to the following address:

RE: G.R.A.M.A. Request

We are in receipt of your Utah GRAMA request, dated October 31, 2025, wherein you requested a multitude of records related to the investigation of the murder of Charlie Kirk on September 10, 2025 at Utah Valley University.

Our office does not have any records responsive to this request, as we were not the responding or are the investigating agency. This request should be submitted to the governmental entity that prepares, owns, or retains the records pursuant to UCA 63G-2-204(4)(1)(a).

- Utah County Sheriff's Office and Utah Attorney General's Office are the responding and investigating agencies.

At this time your request is denied. The Records you are requesting are subject to a pending investigation and are classified as Protected pursuant to Utah Code Ann §63G-2-305(10). It is my understanding it was never sent out to any agency. We do not have the requested record any longer. Our office surveillance is on a looped recording system, which automatically records over older surveillance video. Therefore, the surveillance video from September 11, 2025 is no longer available.

Hi there,

I wanted to follow up on this denial.

Are you aware if the surveillance video from this request was shared with another agency (law enforcement or legal)? I wanted to know if the video existed at some point and was shared elsewhere as part of the investigation/legal case.

Thanks for your time!
