GRAMA Request

From:

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

Request was submitted on: 07/16/2026 01:19:16 PM

Request:

I request a copy of the following record.

Record requested:

[REDACTED]
[REDACTED]
[REDACTED]

Daytime phone: [REDACTED]

July 16, 2026

I request the report, recording log entry, or interview summary documenting the interview of the individual who facilitated Tyler Robinson's arrival at the Washington County Sheriff's Office, conducted in the early morning hours of September 12, 2025. The individual is publicly identified in Day 3 preliminary-hearing testimony in State v. Robinson as Mike Mitchell, a retired law-enforcement officer; the interview concerns the Utah Valley University homicide investigation, and the interviewing deputy's or detective's name – unknown – is part of the records requested. Personal identifiers other than the interviewers' names and the date, time, location, and duration of the interview may be redacted – the existence, custodian, and metadata of the original interview record are the core of this request.

If no responsive records exist, I request written confirmation of that fact, including a description of the search conducted.

Please provide responsive records in electronic format (searchable PDF or native file – for video, the native export with original metadata) by email where possible.

Reason:

These records document official government activity in a matter of intense and legitimate public interest – the investigation and prosecution arising from the September 10, 2025 events at Utah Valley University. I am requesting them as a member of the public, and the records will be made available to the general public. This request is not made for commercial purposes.

Fee waiver: I request that this request be fulfilled without charge under Utah Code § 63G-2-203(4)(a), which encourages an entity to waive fees when release of the record primarily benefits the public rather than a person. These records concern the investigation and prosecution of a matter of intense and legitimate statewide and national public interest, and the requested records will be made available to the general public. This request is not made for commercial purposes. If a fee waiver is denied, please notify me before incurring any costs over \$25.

Expedited response: I request the 5-business-day expedited response under Utah Code § 63G-2-204(4)(b), as expedited release of these records benefits the public rather than a person – they concern a pending public prosecution that is the subject of widespread and ongoing public attention, and they will be made available to the general public – the circumstance § 63G-2-204(5) presumes to benefit the public.

Entitled because:

OTHER

The requested items are public records under Utah Code § 63G-2-201 – records of official government activity that are not private, controlled, or protected. No special relationship to the record is required for access to public records. If any portion is claimed non-public, I request release of the segregable public portions (§ 63G-2-308) and a written denial citing the specific exempting provision and my appeal rights (§ 63G-2-205(2)).
